

Blood-Pride-Tribe

Uhuru Afrique! Uhuru Africa!
Be organise African! Be organise African!
This speaks for it selfs
Speaks about creation
happens to us
burns into us
we submit
we encounter all mighty high

Here I stand
Ink of ignorancy
stepping on melting
disappointed brain
African Africa for Africans
was the chant
... I am delighted
was the chant

Do innocency betray I?
designing new world order
in native African mind...
Day of white-collar criminal activities
by professional angels
Yea! Day of more equal I'm
chain exploiters' chant
black skin turn dark
no shame to be pink
teeth sparks
heart hurts
de black agenda...

This vomits voluntarily
vomits about socially commanded things
vomits about socially experienced
Rise! African sun rise!
Rise! hope of tomorrow
concrete culture
end not here
not here
here
